Letter of recommendation

08/11/2022

Dear Mr. Jamniuk,

we would like to thank you for your many years of good and fruitful cooperation.

From 2006 until now, you have always been our reliable partner both at our company registered office in Karstädt/ Brandenburg and on construction sites in Germany in the field of assembly/welded assemblies on power plant/pipeline construction sites as well as hydraulic or heavy steel constructions.

In our view, Jamniuk stands for meeting delivery deadlines and quality at fair market prices. Your employees are well-trained, highly motivated and have the necessary certificates. Our contact persons, your site managers, are characterised by reliability and a high level of professional and soft skills.

We look forward to building good cooperation with your company also in the future and are happy to recommend you to others.

Best regards,

Kirsten Schönharting
